HARROLD'S - REVIEW

AUGUST 25, 1942.

VOL. I, No. 5

HARROLD'S PANSY GARDENS & GREENHOUSES

P. O. BOX 29 — GRANTS PASS, OREGON.

It is the purpose of this folder to inform our friends and patrons as to the seeds, plants and bulbs that are seasonable and available at this time. This does not mean that these are the extent of our stock, but rather they are those most likely to be of interest at this time. The prices quoted herein of course supersede previous offers on these items. For a more complete listing of our stock please refer to back issues of this publication. Back copies gladly supplied on request. In requesting them please state what kinds of stock you are interested in.

PANSY SEEDS

It is suggested that wherever possible florist and nurserymen plant at least a part of their Pansy and Viola requirements in their own nursery. This may save disappointment at a later date as we personally know of several large wholesale plantings that have been discontinued or reduced in size this year and we anticipate the Pansy plant shortage of last spring being repeated in more critical form next season. There is still time to make plantings in cold frames that can be covered with glass or cold greenhouses in the most northerly States. In the warmer southern States this is an ideal time to plant outdoors.

Requiring no heat and no critical supplies to grow, Pansies are an item of real value to the plantsman in these times. They're always popular with the gardening public too. Assure your spring sales by **PLANTING NOW!**

Harrold's Pedigreed Strains

We believe this group of varieties is the finest available today and it is so complete that nearly any type of requirement can be satisfied from it. For descriptions of these varieties see the last issue of this publication or we will gladly supply full information.

CINERARIA SEEDS

Howard & Smith's

CALIFORNIA SUPER - GIANTS

An outstanding strain of Cineraria hybrida grandiflora nana which produces free flowering plants 12 to 16 inches high. The huge flowers measure from 4 to 6 inches across, with single petals 1 to 1½ inches wide. The most outstanding thing about this plant is its basal branching habit and the huge flowers which are in the form of large flat topped clusters. Colors are especially brilliant.

STOCK SEEDS

DOUBLE GIANTS OF CALIFORNIA

We were among the first seedsmen to recognize the quality and value of these two groups of Stocks and to offer the originator's full line. We are more confident today that these will please you and be profitable.

These are an improvement over the Improved Bismarck or Giant Imperial strains with stronger plants and large flowers. When set close (4 to 6 inches each way) they produce but a single terminal spike equal to the Excelsior Column type and if given more room they produce lateral bloom. The colors are quite distinctive

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
GOLDEN GATE: Rich yellow.	\$.50	\$1.00	\$1.90	\$3.50	
MOJAVE: Royal purple.	.50	1.00	1.90	3.50	
MONTEREY: Brilliant pink.	.50	1.00	1.90	3.50	
PACIFIC: A very fine blue.	.50	1.00	1.90	3.50	
REDWOODS: Best blood red.	.50	1.00	1.90	3.50	
SANTA BARBARA: Excellent chamois.	.50	1.00	1.90	3.50	
SANTA MARIA: Very fine pure white.	.50	1.00	1.90	3.50	
SEQUOIA: Bright rose carmine.	.50	1.00	1.90	3.50	
TAHOE: The most desirable shade of lavender.	.50	1.00	1.90	3.50	
YOSEMITE: Deep clear rose.	.50	1.00	1.90	3.50	
FANCY MIXED: All the above colors blended.	.45	.90	1.60	3.00	

NOTE: We have discontinued the Improved Bismarck group because we have found this variety to be superior and of more value.

The New Early Colonial Type

This new race of Stocks is of great value to the florist who wants heavy production of prime flower spikes over a moderate period of time. Tall and exclusively branching, they produce no center spike but branch at the base; producing 8 to 10 spikes 30" long. They flower 2 weeks earlier than the perpetual branching types. Florets are double and 2" in diameter. Doubleness of the plants is about 70%. Highly recommended.

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
MAYFLOWER: Fine rose red.	\$.75	\$1.50	\$2.75	\$5.00	
PRISCILLA: Silvery lavender.	.75	1.50	2.75	5.00	
PURITAN: Glowing pure white.	.75	1.50	2.75	5.00	
ROSE STANDISH: Bright rose.	.75	1.50	2.75	5.00	
CUT FLOWER BLEND: All the above colors.	.75	1.50	2.75	5.00	

SUPER-GIANT IMPERIAL

A giant race of the Imperial or Improved Bismarck type. Flowers are large and well spaced, on long spikes. Doubleness is excellent.

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
BLUSH PINK: Fine light pink a good florist type.	\$.60	\$1.20	\$2.30	\$4.50	
CHAMOIS: NEW. True chamois coloring.	.60	1.20	2.30	4.50	
DARK BLUE: An excellent color.	.60	1.20	2.30	4.50	
FIERY RED: A really brilliant shade.	.60	1.20	2.30	4.50	
ROSE CHARM: A beautiful, rich deep rose.	.60	1.20	2.30	4.50	
ROSELIGHT: Glowing rose pink.	.60	1.20	2.30	4.50	

PERENNIAL SEEDS

The Perennial seeds offered here are those of greatest value to the florist for use as cut flower plants or plants to be retailed. This group of seed is very complete considering scarcities existing because of the war and on many items our supply is limited to modest quantities. Regardless of whether we supply you or you obtain this stock from other sources it is advisable to fill your needs early.

HARROLD'S PEDIGREED GIANT HARDY PRIMULA

This is a new strain on which we have worked for over five years. The plants are compact and of robust growth while the flowers are born on fine stems well above the foliage. Flowers are large, often as large as a silver dollar and the colors are outstandingly brilliant and varied including yellows, reds and purples of real brilliance. Of veris Polyanthus type.

Fresh Seeds Supply Limited
Price per pkt - about 200 seeds, \$1.00; 3 pkts for \$2.50.

TERMS OF SALE

PRICES — All prices are made on a basis of cash with order. No deviation will be made from this rule except where special credit arrangement and usual reference check has been made. **SEEDS** can be sent C. O. D and will be so forwarded in all instances where the above rule is not met. **PLANTS AND BULBS** are **NEVER** sent on a C. O. D. basis. All prices quoted herein are subject to any change in market occurring after this list is published.

REMITTANCE — May be by any of the usual commercial methods of transferring funds. The amount must be in United States money, collectable net, for the full amount of the order. **WE WILL NOT** accept postage stamps as any part of remittance. We use metered postage exclusively and stamps are a total loss.

TRANSPORTATION — **SEEDS** will be shipped by insured post, prepaid. Free Air Mail delivery may be had on seeds under conditions mentioned elsewhere in this list. **PLANTS AND BULBS** are delivered in so far as our responsibility is concerned when accepted by the transporting agency at Grants Pass, Oregon. We recommend that all perishable material travel Railway Express and unless instructed differently will ship that way.

OUR RESPONSIBILITY — In view of the reasonable prices quoted herein and the varied conditions under which this stock will be grown, it is manifestly impossible for us to guarantee in any manner, descriptive or cultural, the crop resulting from the use of the material listed. Ordering from this list will definitely be construed as your acceptance of these terms as set forth and it is understood that in all cases our liability shall be limited to the actual purchase price paid for any material supplied.

PANSY PLANTS

Beginning the First to Tenth of October we will have the following Pansy plants to offer. These will be our usual fine quality field grown plants which are robust and well started. Hundreds of thousands of these have been shipped each year for the past Fifteen and we shall try our best to maintain our usual quality.

Until the Fifteenth of October we will limit shipments to within 1200 miles of Grants Pass; after the Fifteenth and until the Twenty-fifth deliveries will be limited to points west of the Mississippi River. By November First and until March Twentieth next delivery can be made to any point in the United States. We suggest ordering early. Our winter climate is mild enough that except for brief storm periods we can make prompt shipment throughout the entire season.

WINTER BULBS

These bulbs are of the finest quality we have ever handled. Our grower had an exceptionally favorable growing season and the bulbs show it. Plump and well developed with size grades running strong they will give you fine results. It will be noted that we offer these as special grades. This is done in order that the classes can be more easily understood. "TOP" size is the heaviest blooming size and is the best for forcing. **NUMBER ONE** size is suitable for forcing and a "best" size for outdoor planting. **NUMBER TWO** size is not recommended for forcing but will be found thoroughly satisfactory for outdoor planting. If you want this material **ORDEE AT ONCE** as the 150,000 bulbs in this lot won't last long.

TULIPS

These Tulips are exceptionally fine and the florist will find this north-west grown stock the equal of any of the pre-war imports on a basis of results.
